Why City Council supports, in principle, Mississauga being an independent city

One City, One Voice

Mississauga would have the ability to speak as one city, fully in control of its future, with a distinct identity, like other cities already do.

Eliminating an entire layer of government

This would lead to a more efficient and effective government focused only on Mississauga priorities.

Better value for taxpayers' dollars

No longer will Mississauga businesses and residents be forced to subsidize Brampton and Caledon in the amount of \$85 million per year (and climbing). Mississauga tax dollars should stay in Mississauga.

Personal information on this form is collected and will be used to evaluate resident support for the City of Mississauga's preferred option to be an independent city in accordance with Freedom of Information and Protection of Privacy Act.

Dear Premier Ford,

- I want my tax dollars to stay in Mississauga and not subsidize Brampton and Caledon.
- I believe Mississauga should have the power to make its own decisions.
- I want my Council to have full accountability for local services.
- I want Mississauga to be an independent city, no longer a part of the Region of Peel.
